

Due to the pandemic the 4th World Congress is postponed to 2022

4th World Congress on Electroporation

save the date

NEW DATES 9 - 13 October 2022

COPENHAGEN · DENMARK

The 4th World Congress on Electroporation & Pulsed Electric Fields in Biology, Medicine, Food and Environmental Technologies to be held in Copenhagen, October 9 - 13, 2022 will continue to create an inspiring international and interdisciplinary forum for sharing novel and ground breaking research.

The Tivoli Congress Center, located right in the centre of Copenhagen, integrates lecture halls, poster presentation, exhibitions and coffee/lunching areas in order to maximize possibilities for fruitful scientific collaboration and discussion.

This website wc2022.electroporation.net details the programme (including educational session), social events, information on venue and accommodation, abstract submission, and of course registration.

Conference Topics

- ✓ Mechanisms of electroporation
- ✓ Electroporation of cells and tissues
- ✓ Medical applications of electroporation
- ✓ Veterinary applications of electroporation
- ✓ Modelling and laboratory techniques in electroporation
- ✓ Electroporation in food science and technology
- ✓ Electroporation in bio-economy and biorefinery
- ✓ Novel electroporation technologies

Plenary Speakers

Matti Sällberg
Professor, Karolinska Institutet, Sweden
Vaccines

Kate Broderick
Senior Vice President, Preclinical R&D, Inovio Pharmaceuticals Inc. USA
Vaccines

Marie-Pierre Rols
Director of Research at IPBS, France
Mechanisms - Gene Transfer

Javier Raso
Professor, University of Zaragoza, Spain
Food Technology

Jacob Koruth
Director, Experimental Lab, Mount Sinai Medical Center, New York, USA
Cardiac Ablation

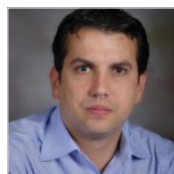

Maja Cemažar
Professor, Institute of Oncology, Ljubljana, Slovenia
Veterinary Oncology

Adil Daud
Professor MD, University of California, San Francisco, USA
Oncology - Gene Therapy

Luca Campana
Clinical Fellow, The Christie NHS Foundation Trust, Manchester, UK
Oncology - Electro-chemotherapy

Rafael Davalos
Professor, Virginia Polytechnic Institute and State University USA
Irreversible Electroporation

Registration

Members of ISEBTT through 2022 have discounted rates. Please register on wc2022.electroporation.net/registration/

NB! If you register before 15 June 2022 you will get the cheapest rate.

Abstract Submission

Please submit your abstract at the congress website wc2022.electroporation.net/abstract-submission/

Abstract submission closes on 15 April 2022.
